

## Durability and Sustainability

*The VeryPC BroadLeaf desktops provide the ultimate in sustainable performance. Lifecycle engineered to be carbon neutral these ultra small form factor PCs are wrapped in a 100% aluminium chassis for unrivalled durability.*

**For a 100 PC deployment:**

**BL52** 25 watts **Annual Saving £8,600**  
**TYPICAL DESKTOP PC** 115 watts

† Average power figures based on load to idle ratio of 9:1 Typical Desktop PC source: Gartner 2008.  
 Savings figures based on a 100 PC deployment and a cost per kWh of 11.7p. E & OE

*"A small, efficient PC that strikes a keen balance between its green credentials and raw performance"*  
 PC Pro magazine

## Features and Benefits

- **5 year lifecycle**  
- Provides an increased Return On Investment (ROI)
- **High energy efficiency & performance ratios**  
- Reduces Total Cost of Ownership (TCO) by up to £90 per annum from low energy consumption.
- **Ultra low toxicity design**  
- ensures compliance to 'Duty of Care'. BroadLeaf is PVC, halogen and BFR (brominated fire retardant) free in line with ECMA 370 environmental standard.
- **81% reduced embedded carbon to any other USFF PC**  
- Reinforces commitment to the environment and reduces carbon in the supply chain (CRC commitment)
- **5 year carbon offset available at no extra cost**  
- customer required to indicate they wish to have the carbon offset option applied to their BroadLeaf at point of warranty activation. There is no additional charge for this.
- **Special versatility with compatible LightMount VESA brackets**  
- increases desk space
- **100% aluminium chassis**  
- high durability and 100% recycleable at end of life.
- **Customer laser identification options**  
- Reinforces customer's image and provides an additional level of security. Can also be used to identify charitable donation at end of life.

- **Solid aluminium optical drive bay cover**  
- increased tamper resistance
- **Energy Saving Trust Recommended**  
- selected BroadLeaf models are Energy Saving Trust Recommended
- **Energy Efficiency Financing Available**  
- BroadLeaf can provide significant energy savings to customers, and thus refreshment projects with BroadLeaf may be eligible for an Energy Efficiency Financing loan from the Carbon Trust in partnership with Siemens Financial Services.
